

PROFILE ENTREPRISE

About Us

With the right corporate structures in place, a company has the opportunity to avoid long-term tax and regulatory burdens.

We are cooperating with leading legal experts in order to provide our clients with top-notch legal services and advice. Our partners are famous for their quality services and long-lasting client relationships.

Our Services

PROPERTY ISSUES

Property issues: Both new entrants to the property market and industry veterans can benefit from legal advice before entering into any property contract or agreement in DR Congo. We have years of experience in providing advice on contracts, mortgages and banking securities, how to work with local councils, selling or leasing property or land and conveyancing.

BUILDING AND CONSTRUCTION

Building and construction: Legal Expertise in Building and construction projects often require diligent negotiation, drafting and administration of contracts between clients, contractors and subcontractors. This many tiers of activity can lead to disputes over project delivery and supply agreements, liquidated damages and delay claims, debt recovery and special conditions in contracts. If these aren't remediated appropriately, it may even lead to litigation. Smart Lawyer can assist businesses in every stage of disputes.

iGAMING INDUSTRY

Our experts have extensive experience in the iGaming industry from working with online gambling and betting operators, online slot game suppliers, other service providers and regulatory authorities from various jurisdictions. We help B2B and B2C operators to take their business to the next level and assist in coordinating with local legal advisors in respect of business operations in other countries as well.

COMMERCIAL LAW

Our team of commercial law experts can consult with potential business owners or established business leaders to share their vast knowledge of acquisitions, restructurings and business sales; contract law and company law; licensing and leasing requirements; and other areas of corporate structures.
